

RVZ Job Market Trends Report

September 2026

A monthly look at hiring activity on the RVZ Personnel Services platform —
jobs posted, applications received, and where South African employers are hiring.

Job Market Activity

All figures below are drawn live from RVZ's own platform data — job postings and applications submitted through this site — not a national industry-wide sample.

Jobs posted this month: 0 (-100% MoM)

Applications received this month: 0 (-100% MoM)

6-MONTH ACTIVITY

Purple = jobs posted | Navy = applications received

Trending Jobs

Not enough application activity yet this month to rank trending jobs.

TRENDING SECTORS

No jobs posted yet this month.

Regional Candidate Snapshot

Where registered candidates on RVZ are based, by province (cumulative, all-time registrations).

Northern Cape: 1 candidate(s)

THE RVZ PERSPECTIVE

RVZ is a growing platform, and September 2026 saw no new job postings recorded yet. As more employers list roles here, this report will track hiring activity, trending sectors and regional demand month over month.

This report is compiled from RVZ Personnel Services' own live platform data and is provided for general informational purposes. For data-related queries, contact info@rvzgroup.co.za.
